

S

MARK / Elite Trainer

conditioning coach for Giancarlo Stanton, and Derek Fisher – “IntelliSkin products are the principles of our training philosophy...posture, balance and well being.”

MARK / PGA Champions Tour Player

“It makes a tremendous difference in my ability to overcome the negative effects of travel and long days on the road. It is incredible how much the IntelliSkin shirt reduces or eliminates the fatigue that normally can be recovered from.”

DAVID / 11X World Champ - Pro Surfer

“I could live in the shirt for six months straight. It is a posture awareness and balance reminder we all need for.”

DAVID / 4X World Champ - Pro Surfer

“I have fine tuned his craft over the years, and the IntelliSkin products are dialed in for a better lifestyle and performance.”

DAVID / MLB Player, Florida Marlins

“After I felt I had to create motion and strength in my body with the IntelliSkin shirt everything is in motion – all my muscles are cued and ready”.

DAVID / Elite Yoga Instructor & Massage

“It is not only a smart product, but it makes my job as a yoga instructor a little easier, supporting my students’ posture and better form for quicker results. What else can you get from a boost to the spine for better oxygenation! As a physical therapist for 2.5 decades, I know the importance of posture. I recommend it to all of my clients from Super Bowl Champions, New York Giants.”

RECOMMEND IntelliSkin

DR. TIM BROWN, DC, DACBSP, CSCS

Dr. Brown's history of remarkable innovations in the field of Sports Medicine and Chiropractic continue to demonstrate his creativity, experience and efficacy of his work. I have prescribed Tim's products for years to my patients and look forward to his future innovations and contributions to the field.

DR. TIM BROWN, M.D., M.S.

Dr. Brown focuses on scapular position and posture, which ultimately benefits patients with various disorders of the shoulder and cervical spine. The foundation of his work is the improvement in comfort and scapular control, which is an important component of the entire treatment regimen. The IntelliSkin shirt is a technique that Dr. Tim Brown has developed over the last 30 years.

DR. TIM BROWN, DPT

Dr. Brown has worn the IntelliSkin shirt for over 5 years with outstanding success. Everyone, from professional athletes to the general patient, has experienced the effects of the shirt on their posture immediately. I have used the IntelliSkin shirt for correct postural adaptations, but also for the general patient for chronic back pain, neck pain, shoulder pain, and even pain. It is part of my treatment regimen for patients with chronic back pain, neck pain, shoulder pain, and even pain. It is an important component to the entire treatment regimen. The IntelliSkin shirt is a technique that Dr. Tim Brown has developed over the last 30 years. I like the shirt so much, I wear one myself.”

DR. TIM BROWN, M.D.

Dr. Brown's study with collegiate volleyball players, we have proven that the IntelliSkin shirt improves posture and reduces the incidence of shoulder and elbow

IntelliSkin PostureCue™ Performance Apparel

Performance compression apparel designed to improve posture and alignment.

Why IntelliSkin?

A) Our PostureCue Technology enhances basic compression to create the industry's first smart apparel.

B) From the moment you put on IntelliSkin, your posture improves because your body is aligned.

C) IntelliSkin Cues your body to instantly tone and strengthen your underused posture muscles while simultaneously opening, relaxing and lengthening your overused and overly tight muscles.

What is IntelliSkin PostureCue™ technology?

Patent pending technology stimulates thousands of nerve endings in your skin, which react instantly to specific light touch and pressure and causes an instant muscle reflex-like response that tones and strengthens under-used posture muscles.

IntelliSkin Cues your body to open and lengthen over-used, under stretched muscles which cause poor posture (rounded shoulders and forward head).

Who Wears IntelliSkin?

Everyone can benefit from good posture. Everyone can benefit from wearing IntelliSkin. Whether you are an athlete, weekend warrior, a busy mom or work on a computer. Better posture means less back and neck pain, fewer injuries, deeper breathing and more energy throughout the day.

When Should I Wear IntelliSkin?

Anytime! Wear it when you are working out, recovering from a workout, traveling or performing any activity of daily life.

How Long Should I Wear IntelliSkin?

Wear it as long as you feel comfortable. When you start feeling fatigued, take it off and wear it a bit longer the next time.

Look Better, Feel Better, Perform Better

Posture Research

Better Posture Makes You Healthier and Smarter

Roger Wolcott Sperry (1981 Nobel Prize winner in Physiology, Medicine, and Brain Research)

More than 90% of the energy that goes to the brain is directed towards maintaining poor posture/body alignment within the field of gravity.

Posture Affects and Influences Every Physiologic Function in the Human Body

American Journal of Pain: AJMP 1994; 4:36-39 Posture influences every physiologic function from breathing to hormonal production to pain regulation.

IntelliSkin Research

Validating IntelliSkin PostureCue™ Technology

Andrews Institute Study: Performance and Velocity in Baseball Pitchers Using the IntelliSkin Shirt

“This was a landmark and well controlled research study with baseball pitchers and the IntelliSkin shirt. The increase in throwing velocity was an important finding, but even more important was the shirt's ability to delay a decrease in velocity as the pitch count increased. This product has great potential, not only for use as an injury prevention and performance enhancement device, but also for accelerating the rehab process following injury or surgery.” **Dr. James Andrews**

IntelliSkin Shirts Decreased Injury Rates in Intercollegiate Athletes

Dr. Michael F. Shepard: AOSSM 2012 Annual Meeting- Abstract Id: Poster 9

Use of the IntelliSkin shirts resulted in decreased injury and improved posture. The team won the NCAA Division I National Championship in the third year of wearing the IntelliSkin shirts.

Journal of Clinical Sports Med 29 (2010) 213–228 University of Connecticut Study

“IntelliSkin shirts use the same concepts as postural taping to promote optimal posture and scapular positioning.”

University EMG Study Proves IntelliSkin Shirts Improve Posture

A university pilot study demonstrated, through sEMG, a quantifiable increase in muscle activation/inhibition patterns (synonymous with improved posture), while wearing the IntelliSkin shirt vs. other compression apparel.

Quick THREE STEP FITTING Tips

- Once you have the shirt on... and it will be somewhat of a workout to put the shirt on the first and second time, you will:
1. Pull up firmly on the front neckline of the shirt... so you can feel the shirt ride up on your torso.
 2. Gather the back of the bottom of the shirt up to your mid-back, look up and squeeze your shoulder blades together.
 3. Pull down firmly in the back so you can feel the shirt set against the front of your shoulders.

For more information visit www.intelliskin.net and watch the instructional videos.

FITTING CONSIDERATIONS

Use your T-shirt size as a guide... but if you have broad shoulders or a large chest... size up
 The shirt should be tight without being uncomfortable or pinching under the arms. If the shirt is uncomfortable or too restrictive, size up.
